What my scholarship means to me...

Matt Laffan Scholarship

My first year at St John's has been a life-changing experience, one that would not have been possible without the Laffan Scholarship. St John's has become very much a safe and supportive home for me where I have benefited from the Tutorials on offer and the range of sports and arts events.

Poppy Richards
Bachelor of Science (Medical Science)

Harvey-USYD Gadigal Scholarship

There are no number of words available to me to express the most overwhelming gratitude I have to Dr Kate Conigrave and the Harvey family for their generosity. Without their support, I am simply financially unable to attend this magnificent institution which has given me so much. It has been my ambition to give back to the College as much as possible in my time in order to pay back the kindness extended onto me by the Harvey Family and have found the College Pastoral Team to be the most rewarding avenue for that.

Bachelor of Arts/Bachelor of Laws

Richards Scholarship

Thanks to the generous support of the Richards Scholarship, I've been able to focus fully on my studies while pursuing a range of academic, sporting, and personal development opportunities. The financial assistance has eased the burden of living and study costs, allowing me to engage more deeply in university life. It has also enabled me to pursue my sporting goals, including the honour of representing the Australian Under 20s Junior Wallabies Squad. This experience has been incredibly rewarding, both personally and professionally.

Liam Grover
Bachelor of Commerce

Glen and Suzanne Coorey Scholarship

I am deeply grateful for the financial assistance provided by the Glen and Suzanne Coorey Scholarship. This generous support has not only helped to ease the financial pressures associated with university life, but it has also served as a powerful source of encouragement and motivation. By lightening the financial load, the scholarship has enabled me to focus more fully on my studies and take advantage of the academic and extracurricular opportunities available to me. It has also reinforced my determination to work hard, strive for excellence, and make the most of every opportunity—both academically and in my future professional endeavours.
